## City of Redlands Ballot Measure

Measure T  No  
1% city sales tax increase. City can spend the \$ on anything. CA taxes too high. Really for pensions that are far better than we taxpayers get.

## California Ballot Propositions

Proposition 14  No  
\$5B bond for “stem cell research.” Improper use of borrowed money. Dubious medical value. Uses aborted babies. Probably a Dem slush fund.

Proposition 15  No  
Attack on Prop 13. Massive tax increase on business property, ~\$12B. The cost will be passed on to consumers and small businesses. Business and jobs will leave California. Creates a costly administrative nightmare.

Proposition 16  No  
Repeals Prop 209 and legalizes discrimination and preferential treatment by CA governments based on race, sex, color, ethnicity, or national origin in public employment, education, and contracting.

Proposition 17  No  
Allows felons to vote while they are on parole.

Proposition 18  No  
Allows 17 yr olds to vote in the primary if they will be 18 by the Nov. election. Kamala Harris says of 18-24 yr olds, “They are stupid.” Which is why the Dem Party wants them to vote. If 18-24 yr olds are “stupid,” what does that say for the government run schools and so called “universities”?

Proposition 19  No  
Tax increase on property children inherit from their parents.

Proposition 20  Yes  
Partially rolls back Dem pro criminal laws that allow early release for violent crimes such as child sex trafficking, rape by intoxication, arson, that allow theft less than \$950 w/o penalty, and increased homelessness.

Proposition 21  No  
Allows more rent control, which means less rental housing.

Proposition 22  No Position  
Selfish, special interest initiative by the “woke” Uber & Lyft to repeal AB5, but only for ride sharing companies. Leaves small businesses and people who work independently still subject to AB5.

Proposition 23  No  
A special interest initiative by SEIU [do we need to continue?] to leverage its union organizing campaign. Will increase the cost of dialysis treatment.

Proposition 24  No  
Adds a new bureaucracy to enforce the California Consumer Privacy Act and eliminates the ability of business to correct violations without penalty.

Proposition 25  No  
Vote “NO” to repeal the Dem law that eliminates bail and puts more criminals back on the streets and eliminates the incentive for criminals to show up for trial. The Dem Party favors criminals over law abiding citizens.

Educational Freedom for the 2022 ballot  Yes  
RTPP is working to qualify and pass School Choice on the 2022 ballot. Join the movement to save the future of our children and America at <https://www.CaliforniaSchoolChoice.org>

Recall Gavin Newsom. His record of failure includes: Unaffordable housing. Record homelessness. Rising crime. Failing schools. Rolling blackouts. Exploding pension debt. Highest tax burden. Ruling by decree. Law abiding citizens locked down while criminals are freed. Not enough water. Nearly the worst roads. Etc. Etc. Therefore, “Gavin the First” must go.
